1. The size and weight of free baggage: The sum of the length, width and height of each piece of ordinary checked baggage shall not be less than 60 cm or 24 inches, and shall not exceed 203 cm or 80 inches, including pulleys and handles. Items beyond the above restrictions shall not be transported as baggage.
2. General check-in baggage weight requirements: Each piece of normal checked baggage must not be less than 2kg or 4lbs and must not exceed 32kg or 70lbs.
3. Check-in baggage number limit: there is no maximum number limit for each passenger's check-in baggage (including general baggage and special baggage). Passenger needs to apply to the ticket office (airports) for transporting the seventh and more additional pieces which are exceeding the limits of the free checked baggage allowance and the Phoenix Miles allowance. Please note that extra baggage is accepted only if space is available on the aircraft. Meanwhile Air China does not promise to transport all checked baggage on the same flight as the traveler. All ticket office (airports) are requested to keep passengers informed accordingly. Air China couldn't promise that the above baggage will arrive at the destination on the same flight of the passenger. Please keep the passengers well informed.
4. The amount of free luggage is based on the display of Global Distribution System.
